COURSE DESCRIPTION: -

The **Advance Diploma in Childhood Montessori Education** is a specialized, in-depth teacher-training programme designed to prepare educators with advanced knowledge, skills, and practical expertise in Montessori philosophy and early childhood pedagogy. This programme equips trainees to work confidently with children aged **2½ to 6 years**, applying authentic Montessori principles, materials, and classroom management techniques.

This advanced-level course blends **theory, practical training, observation, and teaching practice**, enabling learners to deeply understand the psychological, developmental, and pedagogical foundations of the Montessori Method.

COURSE OBJECTIVES: -

- To provide an advanced understanding of **Montessori philosophy** and **child psychology**.
- To train educators in the scientific preparation and presentation of **Montessori materials** across all learning domains.
- To develop skills in **classroom organisation, observation, and individualized teaching**.
- To enhance competency in guiding children's **cognitive, emotional, social, and physical development**.

- To prepare teachers capable of creating a nurturing, independent, and stimulating Montessori environment.

KEY LEARNING OUTCOMES: -

Upon completion, trainees will be able to:

- Demonstrate advanced knowledge of **Montessori pedagogy**.
- Present Montessori materials accurately in **Exercises of Practical Life, Sensorial, Language, Mathematics, and Cultural Studies**.
- Plan and execute **child-centered activities** and individualized lessons.
- Maintain a scientifically structured **Montessori classroom**.
- Observe, assess, and document children's development effectively.
- Communicate professionally with parents and work collaboratively in Montessori schools.
