To provide hands-on teaching experience through internships or practicum sessions in Montessori environments, enhancing real-world confidence and competence.

COURSE LESSON MODULE (THEORY)

Module 1: Montessori Philosophy – Advanced Concepts

- Four Planes of Development
- Human Tendencies & Sensitive Periods
- Role of the Montessori Educator – Beyond the Basics
- Montessori Approach vs. Traditional Methods (Comparative Study)
- Cosmic Education – Concept & Relevance

Module 2: Child Psychology & Development

- Advanced Child Development (Ages 0–12+)
 - Emotional & Social Development
 - Behavioral Challenges & Guidance
 - Psychological Needs of Children in Mixed-Age Settings
 - Attachment Theory & Montessori Application
-

Module 3: Curriculum Planning & Integrated Learning

- Designing a Montessori Curriculum
 - Cross-Curricular Integration
 - Thematic & Project-Based Learning
 - Long- and Short-Term Planning
 - Observation-Based Planning Techniques
-

Module 4: Language Development in Montessori

- Advanced Language Materials & Activities
 - Language Acquisition Stages
 - Grammar, Reading Comprehension, and Creative Writing
 - Storytelling, Literature, and Phonics in Montessori
 - Bilingual & Multilingual Language Support
-

Module 5: Montessori Mathematics – Advanced Techniques

- Advanced Use of Montessori Math Materials (Golden Beads, Stamp Game, Bead Cabinet, etc.)
- Conceptual Teaching of Arithmetic, Geometry, and Fractions

- Introduction to Abstraction
 - Mathematical Thinking and Problem Solving
-

Module 6: Cultural Studies and Environmental Awareness

- Geography, History, Zoology, Botany & Science in Montessori
 - Cosmic Education and Interconnectedness
 - Environmental Education and Sustainability
 - Cultural Sensitivity and Global Citizenship
-

Module 7: Practical Life & Sensorial Education – Deeper Insights

- Refinement of the Senses
 - Advanced Practical Life Exercises for Older Children
 - Development of Will, Concentration, and Independence
 - Grace, Courtesy & Social Development Activities
-

Module 8: Inclusive Education & Special Needs

- Identifying Learning Difficulties
 - Montessori Strategies for Inclusion
 - Differentiated Instruction
 - Collaboration with Special Educators
-

Module 9: Montessori Observation, Record-Keeping & Assessment

- Scientific Observation in Montessori
- Child Study and Documentation Techniques
- Progress Tracking and Portfolios

- Reflective Teaching Practices
-

Module 10: Classroom Management & Parent Engagement

- Managing the Prepared Environment
- Mixed-Age Group Dynamics
- Conflict Resolution & Peace Education
- Building Effective Parent-Teacher Partnerships
- Conducting Parent Workshops

COURSE TRAINING MODULE (PRACTICAL)

Module 1: Advanced Practical Life Exercises

- Complex pouring, folding, and lacing activities
 - Cooking and care of self/environment (for older age groups)
 - Advanced Grace & Courtesy lessons
 - Real-life skills (budgeting, organizing, responsibility tasks)
 - Practical applications of independence and order
-

◆ Module 2: Sensorial Materials – Extension & Refinement

- Advanced use of classic materials (e.g., Pink Tower, Red Rods, Knobbed Cylinders)
 - Sensorial extensions and abstraction
 - Pairing sensorial inputs with vocabulary and cultural knowledge
 - Custom-designed sensorial activities for older children
-

◆ Module 3: Language – Montessori Materials and Presentations

- Word building, grammar boxes, and function of words

- Advanced reading and writing aids (metal insets, story cards)
 - Creative writing activities (journals, poetry)
 - Reading comprehension and grammar analysis tools
 - Montessori materials for phonetics and advanced vocabulary
-

◆ **Module 4: Montessori Mathematics – Hands-On Activities**

- Golden Bead work: static and dynamic operations
 - Stamp Game, Bead Frames, and Dot Game
 - Introduction to abstraction through material use
 - Fractions, decimals, and geometry using Montessori tools
 - Problem-solving activities using manipulatives
-

◆ **Module 5: Cultural Subjects – Material Handling & Presentation**

- Puzzle maps and flags
 - Timeline of Life, Timeline of Humans
 - Botany & Zoology puzzles, classification cards
 - Montessori science experiments (hands-on demonstrations)
 - Geography and history storytelling through materials
-

◆ **Module 6: Art, Music & Movement**

- Art exploration using Montessori-aligned methods
 - Integration of music and rhythm in daily activities
 - Movement-based learning (yoga, dance, rhythm games)
 - Group art projects, cultural celebrations, seasonal themes
-

◆ **Module 7: Special Needs Integration**

- Use of Montessori materials with accommodations
 - Activities that support sensory regulation
 - Practical strategies for differentiated learning
 - Case studies and simulated practice
-

◆ **Module 8: Observation & Record-Keeping**

- Practice in scientific observation techniques
 - Child study documentation
 - Daily, weekly, and monthly reporting templates
 - Portfolio creation and progress tracking
-

◆ **Module 9: Classroom Practice & Environment Preparation**

- Mock classroom setup
 - Preparing a developmentally appropriate Montessori environment
 - Role-play: teacher-child interaction scenarios
 - Teaching practice with material presentation drills
 - Use of classroom management tools (e.g., charts, routines)
-

◆ **Module 10: Internship / Teaching Practicum (Mandatory)**

- 30–90 hours of in-class teaching at a Montessori institution
- Material presentation under supervision
- Reflection journal and supervisor feedback
- Practical assessment of teaching skills

EXAMINATION SUBJECTS (SYLLABUS)

ONE YEAR DURATION COURSE

THEORY SUBJECTS: -

- Principles and Philosophy of Montessori Education Advanced
- Child Psychology
- Educational Psychology
- School Organization and Classroom Management
- Teaching Methodology and Lesson Planning

PRACTICAL SUBJECTS: -

- Montessori Practical Activities
- Teaching Practice (Practice Teaching / Demonstration)
- Preparation of Teaching Aids (Charts, Models, Flash Cards)
- Project Work / Record Work / Observation
