

SYLLABUS BOOK

COURSE TITLE:	ADVANCE DIPLOMA IN PRIMARY TEACHER TRAINING
COURSE DURATION:	ONE YEAR
MEDIUM:	ENGLISH
ELIGIBILITY:	12 th PASS or GRADUATE
SECTOR:	MONTESSORI TEACHER AND CHILD EDUCATION SECTOR
COUNCIL:	NCVTC EDUCATIONAL TRAINING AND PLACEMENT COUNCIL

COURSE DESCRIPTION: -

The **Advance Diploma in Primary Teacher Training (ADPTT)** is a one-year vocational program designed to prepare aspiring teachers with the essential knowledge, skills, and professional competencies required for effective teaching at the primary school level.

This course focuses on developing a strong foundation in **child psychology, educational principles, and modern teaching methodologies**, enabling trainees to understand the learning needs, behavior, and developmental stages of young children. It equips candidates with practical teaching skills through structured **lesson planning, classroom management techniques, and the use of teaching-learning materials (TLMs)**.

The program emphasizes activity-based learning, creative teaching approaches, and the integration of **educational technology** to enhance student engagement and learning outcomes. Trainees gain hands-on experience through **teaching practice, school observation, and internship**, which helps them apply theoretical knowledge in real classroom environments.

By the end of the course, learners will be able to:

- Plan and deliver effective lessons for primary classes
- Manage classrooms with confidence and discipline
- Use innovative and child-centered teaching strategies
- Develop and utilize teaching aids and digital tools
- Assess and evaluate student performance effectively

This diploma is suitable for individuals aspiring to work as **primary school teachers, assistant teachers, or educators in private and public educational institutions**, as well as those interested in contributing to early childhood and elementary education.

COURSE OBJECTIVES: -

The primary objectives of the **Advance Diploma in Primary Teacher Training (ADPTT)** are:

1. **To develop understanding of child psychology** and the physical, emotional, social, and intellectual development of primary school children.
2. **To equip trainees with modern teaching methodologies** suitable for primary education, including activity-based and child-centered learning approaches.
3. **To build effective classroom management skills** for maintaining a positive, inclusive, and disciplined learning environment.
4. **To enhance lesson planning and instructional skills** for delivering structured and engaging classroom teaching.
5. **To train students in the use of Teaching-Learning Materials (TLMs)** and educational aids, including digital tools and technology.
6. **To provide practical teaching experience** through micro-teaching, teaching practice, and school internship programs.
7. **To develop skills in student assessment and evaluation**, including formative and summative assessment techniques.
8. **To promote professional ethics and teaching attitude**, fostering responsibility, patience, and dedication in future educators.
9. **To encourage creativity and innovation in teaching**, enabling teachers to make learning interesting and effective.
10. **To prepare trainees for employment opportunities** in primary schools, educational institutions, and related fields.

COURSE LESSON MODULE (THEORY SUBJECTS)

Course Lesson Module (Theory Subjects)

Subject 1: Educational Psychology

Unit – I: Introduction to Educational Psychology – Nature, scope, and importance

Unit – II: Growth and Development – Physical, emotional, social, and cognitive development

Unit – III: Learning Theories – Types of learning, factors affecting learning

Unit – IV: Intelligence & Personality – Types, assessment, and individual differences

Unit – V: Motivation & Classroom Behavior – Techniques for motivation and behavior management

Subject 2: Principles of Education & Pedagogy

Unit – I: Education – Meaning, aims, and functions

Unit – II: Philosophies of Education – Idealism, Naturalism, Pragmatism

Unit – III: Principles of Teaching – Maxims of teaching and effective instruction

Unit – IV: Methods of Teaching – Lecture, demonstration, activity-based learning

Unit – V: Role of Teacher – Professional ethics and responsibilities

Subject 3: Child Development & Learning Process

Unit – I: Stages of Child Development – Early childhood to adolescence

Unit – II: Learning Process – Nature and characteristics

Unit – III: Individual Differences – Learning styles and needs

Unit – IV: Inclusive Education – Special needs and classroom adaptation

Unit – V: Guidance & Counseling – Basics for primary level

Subject 4: Teaching Methods for Primary Classes

Unit – I: Teaching of Language – Reading, writing, speaking skills

Unit – II: Teaching of Mathematics – Basic concepts and methods

Unit – III: Teaching of Environmental Studies (EVS) – Integrated approach

Unit – IV: Activity-Based Learning – Play-way and experiential learning

Unit – V: Use of Teaching Aids – Charts, models, digital tools

Subject 5: School Management & Educational Technology

Unit – I: School Organization – Structure and administration

Unit – II: Classroom Management – Discipline and time management

Unit – III: Educational Technology – Concepts and importance

Unit – IV: ICT in Education – Smart classes, e-learning tools

Unit – V: Evaluation & Assessment – Types of tests and record keeping

COURSE TRAINING MODULE (PRACTICAL SUBJECTS)

Course Training Module (Practical Subjects)

Practical 1: Teaching Practice (Micro & Macro Teaching)

Module – I: Introduction to Teaching Skills – Basic teaching competencies

Module – II: Micro Teaching – Practice of specific skills (questioning, explanation, reinforcement, blackboard usage)

Module – III: Macro Teaching – Full-length classroom teaching sessions

Module – IV: Classroom Observation – Observing experienced teachers and recording methods

Module – V: Feedback & Improvement – Self-evaluation and supervisor feedback

Practical 2: Lesson Plan Preparation & Presentation

Module – I: Structure of Lesson Plan – Objectives, introduction, presentation, evaluation

Module – II: Types of Lesson Plans – Daily, unit, and activity-based plans

Module – III: Subject-wise Lesson Planning – Language, Mathematics, EVS

Module – IV: Teaching Presentation Skills – Communication and interaction techniques

Module – V: Assessment of Lesson Plans – Review and improvement

Practical 3: Teaching Aids Preparation (TLM)

Module – I: Importance of Teaching Aids – Role in effective learning

Module – II: Types of TLM – Charts, flashcards, models, audio-visual aids

Module – III: Preparation of Low-Cost Teaching Aids – Innovative materials

Module – IV: Use of Digital Tools – PPT, videos, smart board usage

Module – V: Demonstration & Evaluation – Presentation of teaching aids

Practical 4: Internship / School Observation & Record Work

Module – I: School Internship – Placement in primary schools

Module – II: Classroom Observation – Student behavior and teaching methods

Module – III: Participation in School Activities – Assembly, co-curricular activities

Module – IV: Record Maintenance – Attendance, lesson records, progress reports

Module – V: Final Teaching Practice & Viva – Practical examination and evaluation

EXAMINATION SUBJECTS (SYLLABUS)

ONE YEAR DURATION COURSE

THEORY SUBJECTS: -

- Educational Psychology
- Principles of Education & Pedagogy
- Child Development & Learning Process
- Teaching Methods for Primary Classes
- School Management & Educational Technology

PRACTICAL SUBJECTS: -

- Teaching Practice (Micro & Macro Teaching)
- Lesson Plan Preparation & Presentation
- Teaching Aids Preparation (TLM)
- Internship / School Observation & Record Work
