

SYLLABUS BOOK

COURSE TITLE:	CERTIFICATE IN DAYCARE AND CRÈCHE MANAGEMENT
COURSE DURATION:	THREE MONTHS (12 Weeks) Total Hours: 180–240 Hours
MEDIUM:	ENGLISH
ELIGIBILITY:	10 th PASS
SECTOR:	MONTESSORI TEACHER AND CHILD EDUCATION SECTOR
COUNCIL:	NCVTC EDUCATIONAL TRAINING AND PLACEMENT COUNCIL

COURSE DESCRIPTION: -

The Certificate in Daycare and Crèche Management is a short-term vocational program designed to equip individuals with the essential knowledge and practical skills required to manage and operate daycare centers and crèches effectively. The course focuses on providing quality care, safety, and early learning support for children, particularly in the age group of 0–6 years.

This program introduces trainees to the fundamentals of child care, early childhood development, and center management. It emphasizes child-centered approaches influenced by early education pioneers such as Maria Montessori, promoting learning through play, structured activities, and nurturing environments.

The curriculum covers key areas such as child growth and development, health, nutrition, hygiene, safety measures, and early childhood education methods. It also includes essential aspects of daycare administration, including planning daily routines, maintaining records, managing staff, and ensuring compliance with safety and hygiene standards.

Practical training forms a major component of the course, where trainees learn activity planning, child engagement techniques, preparation of teaching aids, and effective classroom management. Hands-on experience through demonstrations, role plays, and field exposure helps build confidence in handling real-life daycare situations.

This course is ideal for aspiring daycare providers, caregivers, preschool assistants, and entrepreneurs interested in starting their own daycare or crèche center. Upon successful completion, candidates will be capable of managing daycare operations, ensuring child safety and well-being, and supporting early childhood learning and development in a professional and caring manner.

COURSE OBJECTIVES: -

The objectives of the Certificate in Daycare and Crèche Management program are to:

1. Understand Daycare and Crèche Operations

To provide foundational knowledge of setting up and managing daycare and crèche centers effectively.

2. Develop Knowledge of Child Growth and Development

To enable trainees to understand the physical, cognitive, emotional, and social development of children (0–6 years).

3. Enhance Child Care Skills

To equip learners with practical skills in child care, including feeding, hygiene, safety, and emotional support.

4. Promote Child-Centered Learning

To introduce activity-based and play-way learning methods influenced by approaches such as those of Maria Montessori.

5. Ensure Health, Nutrition, and Hygiene Standards

To train candidates in maintaining proper nutrition, sanitation, and health practices in daycare settings.

6. Develop Activity Planning and Engagement Skills

To enable trainees to plan and conduct age-appropriate activities, games, and learning experiences for children.

7. Build Classroom and Behavior Management Skills

To train learners in managing children's behavior positively and maintaining a safe and organized environment.

8. Learn Daycare Administration and Record Keeping

To provide knowledge of daily operations, scheduling, documentation, and communication with parents.

9. Improve Communication and Interpersonal Skills

To enhance effective interaction with children, parents, and staff members.

10. Ensure Child Safety and Protection

To create awareness of safety measures, emergency handling, and child protection practices.

11. Provide Practical Exposure

To offer hands-on training through demonstrations, role play, and field visits to daycare/crèche centers.

12. Encourage Entrepreneurship and Employment

To prepare trainees for employment in daycare centers or to start and manage their own crèche or childcare business.

STRUCTURE OF CURRICULUM

Divide the course into **Theory (40%)** and **Practical (60%)** for skill-based learning.

A. THEORY COMPONENT (4–5 SUBJECTS)

1. Introduction to Daycare and Crèche Management
2. Child Growth and Development (0–6 Years)
3. Health, Nutrition, and Hygiene
4. Early Childhood Care and Education Methods
5. Daycare Administration and Safety Management

B. PRACTICAL COMPONENT (3–4 MODULES)

1. Activity Planning and Child Engagement
2. Teaching Aids and Play Materials Preparation
3. Child Care Practices (Hygiene, Feeding, Safety)
4. Observation and Record Maintenance

MODULE-WISE TIME DISTRIBUTION (12 WEEKS)

Month 1 (Weeks 1–4): Foundation

- Basics of daycare management
- Child development concepts
- Health, hygiene, and nutrition
- Introductory practical activities

Month 2 (Weeks 5–8): Skill Development

- Early learning methods (play-way, activity-based)
- Activity planning and teaching aids
- Child handling and behavior management
- Practical sessions and demonstrations

Month 3 (Weeks 9–12): Application & Training

- Daycare administration and safety
- Internship / field work in daycare/crèche
- Record keeping and parent communication
- Final practical training and revision

LEARNING OUTCOMES

At the end of the course, trainees will be able to:

- Manage daycare and crèche centers effectively
- Provide safe and nurturing child care
- Plan and conduct child-friendly activities
- Maintain records and communicate with parents
- Ensure hygiene, nutrition, and child safety

EXAMINATION SUBJECTS (SYLLABUS)

THREE-MONTHS DURATION COURSE

THEORY SUBJECTS: -

- Introduction to Daycare and Crèche Management
- Child Growth and Development (0–6 Years)
- Health, Nutrition, and Hygiene
- Early Childhood Care and Education Methods
- Daycare Administration and Safety Management

PRACTICAL SUBJECTS: -

- Activity Planning and Child Engagement
- Teaching Aids and Play Materials Preparation
- Child Care Practices (Hygiene, Feeding, Safety)
- Observation and Record Maintenance
