

SYLLABUS BOOK

COURSE TITLE:	CERTIFICATE IN MONTESSORI TEACHER TRAINING
COURSE DURATION:	SIX MONTHS'
MEDIUM:	ENGLISH
ELIGIBILITY:	10 th PASS
SECTOR:	MONTESSORI TEACHER AND CHILD EDUCATION SECTOR
COUNCIL:	NCVTC EDUCATIONAL TRAINING AND PLACEMENT COUNCIL

COURSE DESCRIPTION:

6 Month Certificate Course in Montessori Teachers Training aims to teach and guide the young students. Our Montessori Teachers Training programmes-courses equip a candidate to become a Montessori Teacher in Montessori school around the world. This Course is mainly focused on the concepts of Montessori principles, which guide the child in self-construction and freedom to learn on its own with in a structured environment.

Course Suitability

1. The Montessori teacher training course helps to develop teaching skill to handle Nursery students comfortably and very easily.
2. It helps to teachers to create new extracurricular activities to keep students engage easily.
3. Teachers can help to create a fully happy environment in the classroom so that students can learn better. You can work as a Nursery Teacher in India and Abroad.
4. You can establish your own Nursery child care school, daycare center, preschool, or activity center in your city or Place-Town.

COURSE OBJECTIVES:-**1. Introduction to Montessori Philosophy**

- Understand the core principles and philosophy of Dr. Maria Montessori.
- Explore the importance of child-centered education and freedom within limits.

2. Understanding Child Development (0-6 Years)

- Gain insights into the physical, emotional, cognitive, and social development of young children.
- Study the stages of development and sensitive periods as defined by Montessori.

3. Preparation of the Montessori Environment

- Learn to set up a Montessori-prepared environment that encourages exploration, independence, and order.
- Understand the role of structure and aesthetics in the learning space.

4. Role of the Montessori Teacher (Directress/Guide)

- Understand the Montessori teacher's role as a facilitator rather than a traditional instructor.
- Learn observation skills to assess and guide the individual needs of each child.

5. Introduction to Montessori Materials

- Familiarize with the purpose, presentation, and usage of foundational Montessori materials.
- Develop skills in presenting materials in Practical Life, Sensorial, Language, and Arithmetic.

6. Practical Life Exercises

- Study the aims and methods of Practical Life activities that promote independence, coordination, and concentration.

7. Sensorial Education

- Understand how sensorial materials refine the child's senses and prepare them for intellectual development.

8. Early Language and Arithmetic Foundations

- Learn techniques to introduce spoken language, pre-writing, writing, and early numeracy using Montessori tools.

9. Classroom Management and Observation Techniques

- Learn methods of managing a Montessori classroom with mixed-age groups.
- Practice daily and long-term observation as a tool for individual lesson planning.

10. Parent Communication and Involvement

- Develop strategies to engage parents and communicate effectively about the Montessori method and their child's progress.

11. Assessment and Self-Reflection

- Learn basic Montessori-based assessment techniques.
- Encourage reflective practice as part of professional development.

 - Teacher's Role in the Prepared Environment
-

MODULE 4: PRACTICAL LIFE EDUCATION

- Purpose and Importance of Practical Life
 - Areas: Care of Self, Care of Environment, Grace and Courtesy, Control of Movement
 - Development of Independence and Coordination
 - Material Presentation Guidelines
-

MODULE 5: SENSORIAL EDUCATION

- Goals of Sensorial Training
 - Education of the Senses
 - Introduction to Montessori Sensorial Materials
 - Exercises for Refinement of the Five Senses
-

MODULE 6: LANGUAGE DEVELOPMENT

- Stages of Language Development
 - Oral Language Enrichment
 - Pre-writing and Writing Skills
 - Introduction to Reading: Phonetics and Vocabulary Building
-

MODULE 7: MATHEMATICS (ARITHMETIC)

- Montessori Approach to Numbers
- Number Sense and Quantity Recognition
- Golden Beads and Decimal System

- Basic Operations: Addition, Subtraction, Multiplication, Division
-

MODULE 8: CULTURAL SUBJECTS (INTRODUCTION)

- Basics of Geography, Botany, Zoology, and History
 - Use of Montessori Puzzle Maps and Charts
 - Storytelling and Exploration-Based Learning
-

MODULE 9: CLASSROOM MANAGEMENT & OBSERVATION

- Daily Routine in a Montessori Class
 - Observation Techniques and Record Keeping
 - Handling Behavioral Issues, the Montessori Way
 - Child Guidance and Conflict Resolution
-

MODULE 10: PARENT-TEACHER PARTNERSHIP & ETHICS

- Communication with Parents
 - Building Trust and Involvement
 - Code of Conduct for Montessori Teachers
 - Professional Growth and Reflective Practice
-

COURSE TRAINING MODULE (PRACTICAL):-

MODULE 1: PRACTICAL LIFE EXERCISES

- **Care of Self:**
 - Handwashing, Buttoning, Zipping, Pouring, Spooning, Dressing Frames
- **Care of Environment:**
 - Table Cleaning, Sweeping, Polishing, Watering Plants

- **Grace & Courtesy:**
 - Greeting, Waiting Turn, Table Manners, Offering Help
 - **Control of Movement:**
 - Walking on the Line, Transferring Objects, Silence Game
-

MODULE 2: SENSORIAL EXERCISES

- **Visual Sense:**
 - Pink Tower, Brown Stair, Red Rods, Knobbed & Knobbles Cylinders
 - **Tactile Sense:**
 - Touch Boards, Fabric Boxes, Rough & Smooth Gradation
 - **Auditory Sense:**
 - Sound Boxes, Bells
 - **Olfactory & Gustatory Sense:**
 - Smelling Bottles, Tasting Jars
 - **Stereo gnostic Exercises:**
 - Mystery Bag, Geometric Solids
-

MODULE 3: LANGUAGE EXERCISES

- **Pre-Language Activities:**
 - Object-Picture Matching, Vocabulary Enrichment
- **Phonetic Sounds:**
 - Sandpaper Letters, Sound Games, Moveable Alphabet
- **Writing Skills:**
 - Metal Insets, Pattern Drawing, Pencil Grip Development
- **Reading Preparation:**
 - Word Building, Three-Part Cards, Simple Sentence Reading

MODULE 4: MATHEMATICS EXERCISES

- **Number Recognition (1–10):**
 - Number Rods, Sandpaper Numbers, Spindle Box
- **Counting & Quantity:**
 - Cards and Counters, Seguin Boards
- **Decimal System:**
 - Golden Bead Material (Units, Tens, Hundreds, Thousands)
- **Basic Operations:**
 - Addition/Subtraction with Beads, Stamp Game Introduction

MODULE 5: CULTURAL EXERCISES (INTRODUCTORY)

- **Geography:**
 - Puzzle Maps, Land & Water Forms
- **Botany & Zoology:**
 - Parts of a Plant/Tree/Flower, Animal Classification Cards
- **History & Time Concepts:**
 - Timeline of a Child, Daily Routine Charts
- **Science Experiments:**
 - Basic Hands-on Activities (e.g., Sink & Float, Magnetic/Non-magnetic)

MODULE 6: CLASSROOM DEMONSTRATIONS & MICRO-TEACHING

- **Material Presentation Practice**
 - Step-by-step demonstration of key Montessori materials
- **Mock Class Handling**
 - Practicing real-life teaching situations

- **Observation in Montessori Settings**
 - Classroom observation assignments and reflection

MODULE 7: MATERIAL MAKING

- **Handmade Montessori Materials:**
 - DIY flashcards, Three-part cards, Felt models
- **Creativity in Teaching Aids:**
 - Art-based learning tools, Charts, Labels

EXAMINATION SUBJECTS (SYLLABUS)

ONE YEAR DURATION COURSE

THEORY:

- The Montessori philosophy and methodology
- Child, Sensorial & Language development
- Social and emotional development
- Child Psychology – theories and practice
- Methods of teaching, writing and reading

PRACTICAL'S:

- Practical life skills & Exercises
- Art and creativity
- Montessori Apparatus
- Montessori school administration
